## *Fall and Winter shutdown – Product availability and lead times*

Dear Customer,

We know that Summer is just beginning and the last thing you want to think about is Fall and Winter, but that is exactly what we are asking you to do.

As we are all aware there have been supply chain issues, material shortages and continued lead time delays. Many of our suppliers and manufacturers are no longer offering expedite options.

We know that many of you utilize Fall and Winter shutdowns for equipment maintenance. As the lead times continue to grow, now is the time to get the quotes done and orders placed.

We want to make sure that you have what you need, when you need it and are asking for your help to make this happen. Please prepare your quote requests and place your orders early this year.

Please email [parts@grancoclark.com](mailto:parts@grancoclark.com) with all your parts questions, quote requests, orders and needs.

Sincerely,

Granco Clark  
7298 N. Storey Rd.
